International Students Serve

Flexible Dates & Times

We have an opportunity to serve international students in a ministry of presence and love. We are asking groups to partner with us in the simplest, most meaningful way - with your time! Millions of people come to the US with only 1% of them ever getting involved in church. Part of this group are international students in our own backyard. Roughly 70% of international students never visit an American home. Serving is as easy as playing sports on a weekend, hosting a Life Group game night, or going on a Costco run. It's about an invitation into your daily life. More details and directions will be sent as events come up.
