

Mariners Hosted Here:

PARTNERS

MARINERSCHURCH

**ARE YOU INTERESTED IN PARTNERING
WITH US TO SHARE THE GOSPEL?**

Mariners Hosted Here equips individuals and organizations to host church, wherever you are. Early in the pandemic, the people of Mariners started opening their homes throughout the community, inviting friends, neighbors, and coworkers to worship and grow in their faith together. As our number of host homes grew, we realized we also had an opportunity to reach people who were unable to attend a church regularly. We started looking into partnerships throughout Southern California and expanded our services to bring God's Word into assisted living facilities, treatment centers, group homes, prisons, and even the Orange County Rescue Mission.

Mariners Online weekend services have been an incredible blessing to individuals as well as many groups, residential facilities, and schools. We want to share this resource with anyone who wants to provide encouragement, connection, and an opportunity to respond to the gospel through hosting Mariners worship services in their unique context.

WHAT WE PROVIDE:

Live Host + Serve Opportunities				✓
Discipleship Content + Training			✓	✓
Custom Video Edits		✓	✓	✓
On-demand Weekly Newsletter	✓	✓	✓	✓
LEVELS	1	2	3	4
Weekly Viewers	25-100	25-150	50-250	100+
Community Duration	0-2 mo	1-3 mo	1-3+ mo	3+ mo

In an effort to best serve you, we have identified the following levels and corresponding discipleship offerings based on two primary factors: Weekly Viewers and Community Duration. Weekly Viewers are the amount of people you would expect each week. Community Duration is the length of time you expect an individual to remain in your community.

LEVEL 1

- » Our live weekend service is available to watch on Saturdays at 4 & 5:30p and Sundays at 8:30, 10 & 11:30a. These services are available on our church website and YouTube platforms
- » An on-demand link for viewing of the service at any time
- » Weekly email updates and discussion questions

For example:

Each week at assisted living facilities, we share a recording of the weekend message, providing residents the opportunity to hear God's Word in a high-quality, production format.

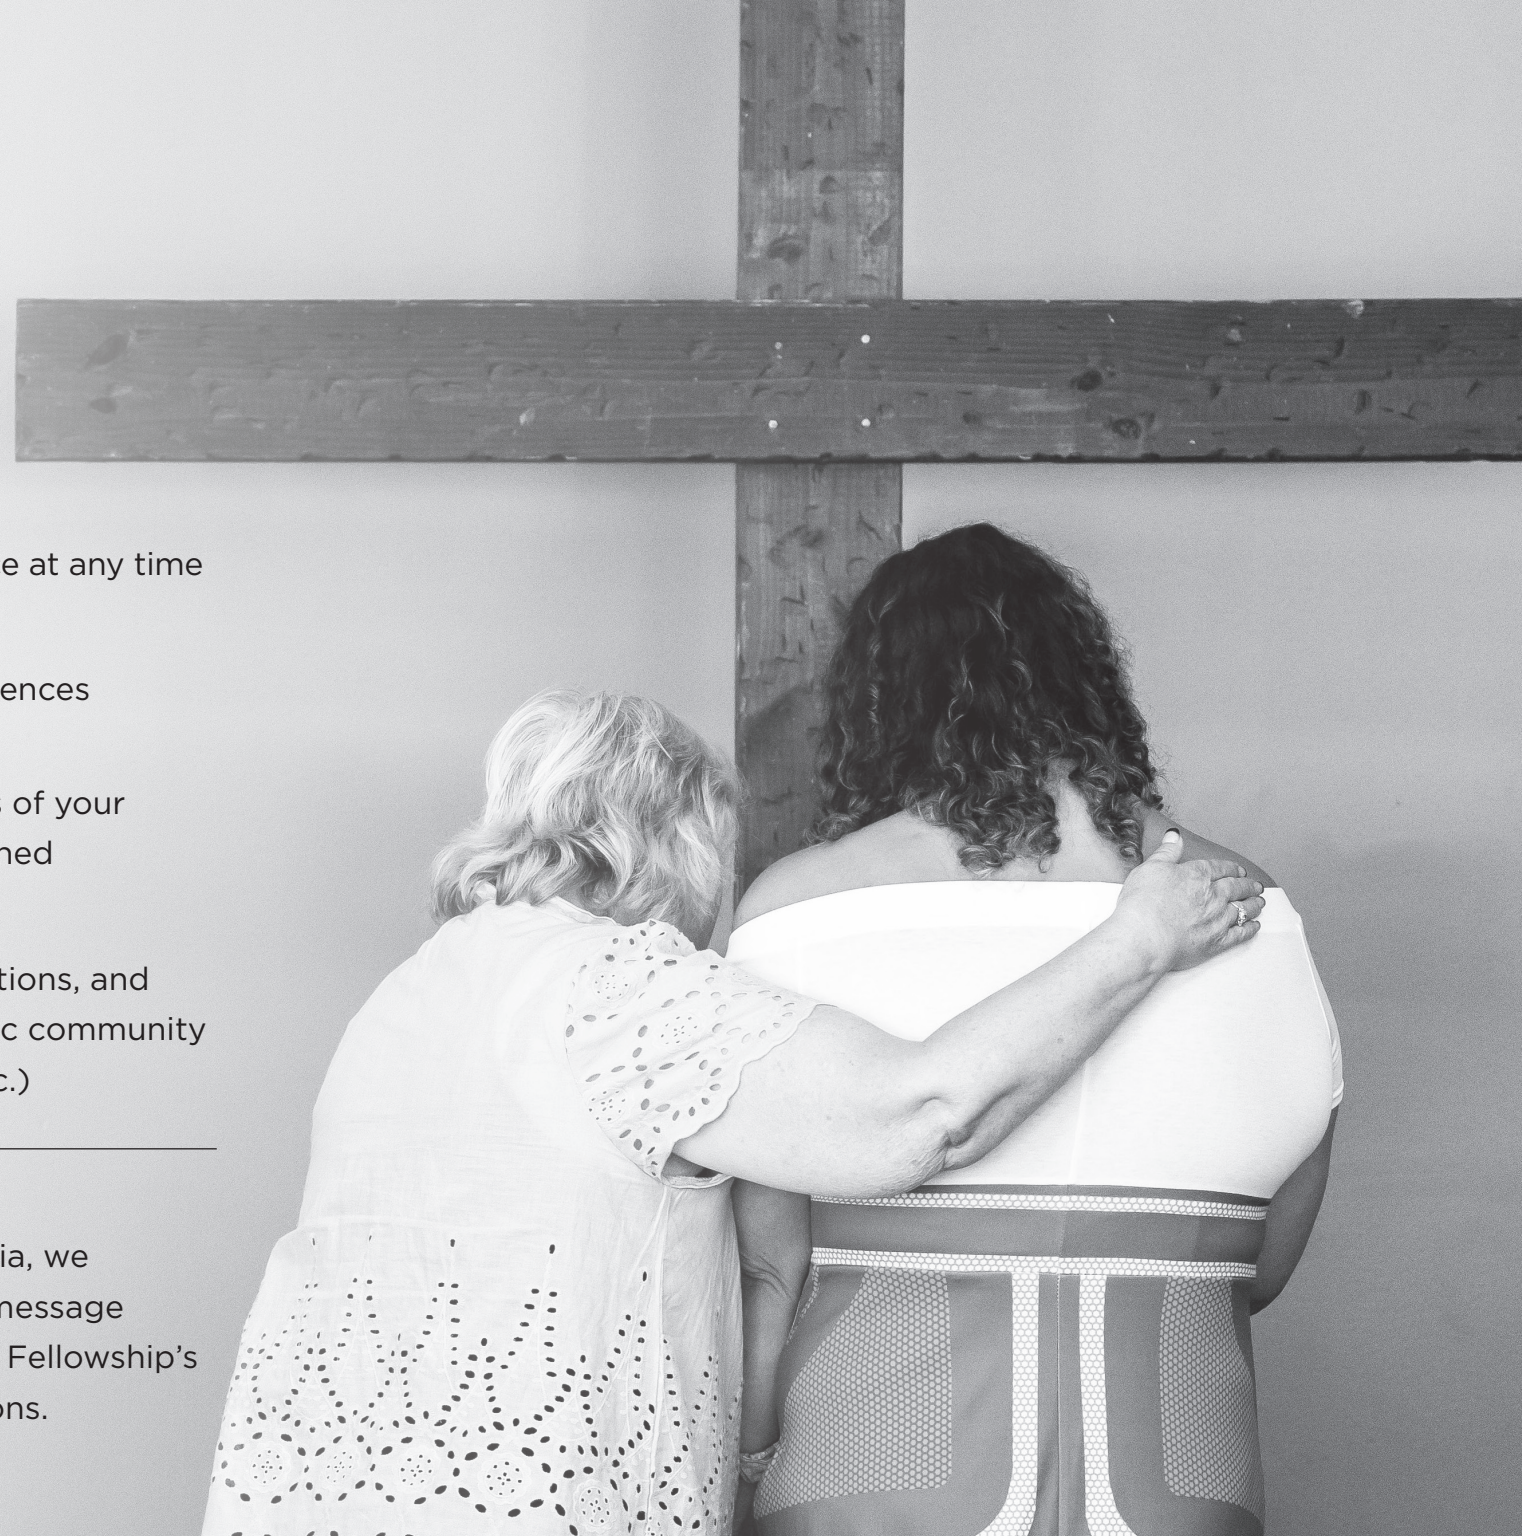

LEVEL 2

- » An on-demand link for viewing of service at any time with custom video content such as:
 - » Opener video welcoming specific audiences in attendance
 - » Video edits to meet the viewing needs of your community (closed captioning, shortened service, etc.)
- » Weekly email updates, discussion questions, and other resources relevant to your specific community (care and recovery, marriage, youth, etc.)

For example:

Due to prison guidelines for streamed media, we provide closed captioning services of our message series, which are accessible through Prison Fellowship's streaming service at more than 300 locations.

LEVEL 3

- » Access to discipleship content, curriculum, and online leader training
- » All services provided to level 2

For example:

We are exploring opportunities to serve treatment centers, residential rehabilitation centers, and transitional housing communities through our weekly services and resources from our Care and Recovery Ministry.

LEVEL 4

- » Live host to facilitate regular service times on-site at your location
- » Access to discipleship curriculum and online leader training
- » Invitation to join serve initiatives through Mariners Outreach ministries

For example:

Each week at the Orange County Rescue Mission, we host services for those impacted by homelessness. We provide a live host, live worship, a mix of video and live teaching, as well as the Mariners Rooted discipleship experience multiple times throughout the year.

Would you prayerfully
consider partnering
with us to share
the gospel?
